

PUBLIC NOTICE

Lake Charles LNG Company, LLC / Lake Charles LNG Export Company, LLC / Trunkline Gas Company, LLC (Permittees) are requesting Permit Time Extension of their existing authorization to construct new natural gas liquefaction and pipeline facilities and modify the existing Lake Charles LNG Import Terminal to export LNG. Liquefaction facilities are adjacent to the existing Lake Charles LNG Import Terminal in Calcasieu Parish; pipeline facilities are in Calcasieu and Jefferson Davis parishes. Pipeline components are in Calcasieu, Acadia, Cameron, Allen, Jefferson Davis, and Beauregard parishes, Louisiana. The Permittees have opted out of the special emergency processing procedures. The US Army Corps of Engineers (CEMVN) is recirculating this public notice under standard permitting procedures and will be accepting public comments on the project until June 29, 2025. To further review and/or provide comments, additional information and plans related to the proposal may be obtained at the following website: www.mvn.usace.army.mil/missions/regulatory/public-notices (see Ref#: MVN-2014-01575-MB). If you have any questions or would like additional information, please contact Courtland Vice with CEMVN, Regulatory Division at (504) 862-1349 or at Courtland.L.Vice@usace.army.mil.
